

Public Workshop #2

January 25, 2022, 7pm

Session will be held through Facebook Live:
<https://www.facebook.com/planwestriver>

The Planning Board for the Rural Municipality of West River would like to invite residents and interested members of the public to the second public session as part of the development of the Rural Municipality's official plan and land use bylaw. The session will focus on specific topics relating to how land uses will be managed. For more details on the process, please visit <https://planrmwr.ca>.

In light of current public health requirements, there will be no in-person attendance for the second public engagement session, which will instead be streamed live on Facebook on the Plan West River page (facebook.com/planwestriver) on January 25, 2022, starting at 7 pm. Viewers do not need a Facebook account to follow along if they go directly to facebook.com/planwestriver. The stream date will be the following day, January 26.

Anyone with access to technology / Internet issues, questions, or seeking more information can contact the municipal office at admin@westriverpe.ca

902-675-7000.
